STEMMINING

MOODS

Mens høyglans skaper et veldig moderne atmosfære gir tradisjonell stil mer hygge på badet. Vakre detaljer som for eksempel løpere, spesielle håndtak eller variasjoner i løsning utgjør også forskjeller her.

While high gloss elements create a very modern atmosphere, the country house style provides more cosiness in the bathroom. Beautiful details such as runners, special handles or variations in shape are also what make the difference here.

MATT

MATT

Fritt flytende bad eller med sokkelføtter som design, kontrast farge, kontinuerlige håndtak eller antifingeravtrykk belegg: Med matte fronter spesielt, er det detaljene som gjør et baderom til ditt eget.

Free floating elements or with pedestal feet as a design feature, with contrasting colour counters, continuous handles or the easy care anti-fingerprint coating: with matt fronts in particular, it's the detail that turns a room into your very own bathroom.

Trestruktur og fargede fronter skaper et unikt inntrykk når de brukes sammen.

Kombinasjonen av f. eks. vår lette Somerset eik og de matt hvite frontene, lager et luftig og enkelt utseende. Fargede fronter med Havana eik, derimot, gir opphav til et friskt og moderne utseende.

Wood looks and solid coloured fronts always create a unique impression when used together. The combination of our light Somerset oak and the matt white fronts, for example, create an air of special lightness. Coloured fronts with Havana oak, by contrast, give rise to a fresh and modern look.
